COMPREHENSIVE RAPID LITERACY ASSESSMENT (CRLA) – GRADE 1
Administration Guide

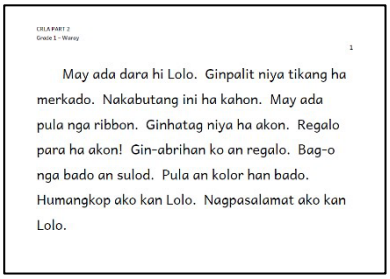

PREPARING FOR THE CRLA ADMINISTRATION

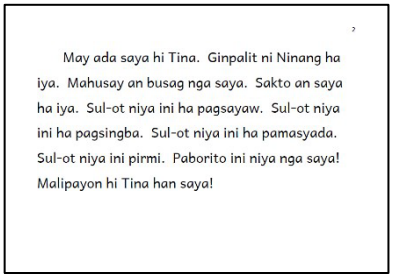

- **Orient the parents and guardians on the CRLA**
  - Send them the following reminders before the assessment:
    a. Day and time of assessment
    b. Tips on how to prepare their child emotionally and physically
    c. Tips on how to prepare their child's environment for the assessment
  - DO NOT show them or give them a copy of the CRLA tool.
  - DO NOT describe the tasks to them.
  - The CRLA was developed using a meticulous process to ensure a standardized, accurate, and authentic measure of children's reading levels. To maintain the integrity of CRLA, we are requesting you NOT to share the CRLA Package and Administration Video Explainer to your home learning partners.
- **Prepare yourself and your materials for assessment**
  - PRACTICE! Study the administration procedure Administration Guide as reference. Simulate the administration procedure with colleagues several times for mastery. Mastery of the administration procedure will give you confidence in administering the assessment and ensure its smooth flow.
  - PRINT the following documents and bring them to the assessment with you.

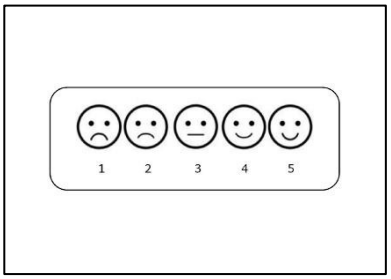

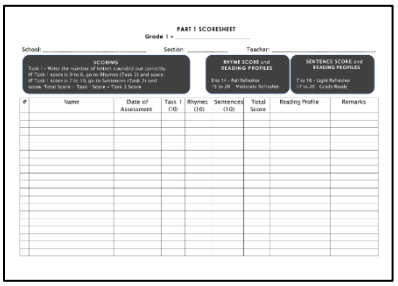

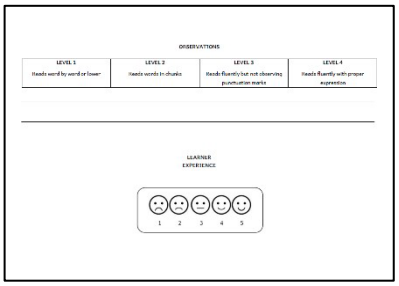

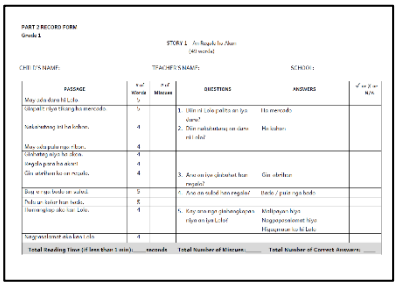

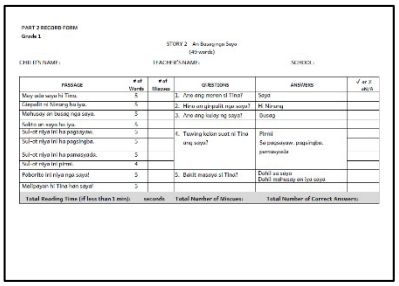

- PRINT the Scoresheets (1 copy per class) and Record Form (1 copy PER CHILD)

ADMINISTERING THE CRLA Part 1

- Make sure the child is in a quiet and well-lit space. To prevent distractions during assessment, CRLA must be done in a space where no other activities are going on. Parents and guardians can stay in a designated waiting area.

- Fill-out the CRLA Part Scoresheet:

School: _____ Section: _____ Teacher: _____

SCORING
Task 1 – Write the number of letters sounded out correctly.
If Task 1 score is 0 to 6, go to Rhymes (Task 2) and score.
If Task 1 score is 7 to 10, go to Sentences (Task 2) and score. Total Score = Task 1 Score + Task 2 Score

RHYME SCORE and READING PROFILES
0 to 14 – Full Refresher
15 to 20 – Moderate Refresher

SENTENCE SCORE and READING PROFILES
7 to 16 – Light Refresher
17 to 20 – Grade Ready

#	Name	Date of Assessment	Task 1 (10)	Rhymes (10)	Sentences (10)	Total Score	Reading Profile	Remarks

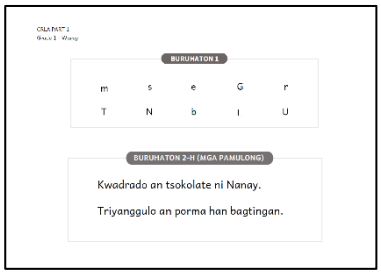

- Establish rapport with the child by talking to them in the language they understand best. Refer to the sample script below for guidance (translate according to the child's language).

  - *Hi, (child's name)! How are you today? Before we continue, would you like to drink first? Or would you like to go to the toilet first?*

- Motivate the child in the language they understand best. Refer to the sample script below for guidance.

  - *Today, we are going to have fun with words! We will be reading words and sentences. Think of this like a game so I want you to have fun. Are you ready? Let us start!*

- **Administer Task 1.** Show the learner sheet to the child. Use the script below to guide your instruction to the learner.

TEACHER: *Look at the first box. There are many letters in the box. I want you to make the SOUND for each letter loudly and clearly.*
TEACHER: *Can you point to the first letter in the box? Great! Now, what is the sound for this letter? How about the next one? Next.*
(Tally each correct answer on the MT scoresheet as the child answers. Thank the child for finishing the game.)

Take note!

- If the child makes a mistake but immediately self-corrects, they still get a point.
- If the child gives the letter name instead of the letter sound on their first try, remind them to give the letter sound instead. For example:

  Child: Letter Aa!
  Teacher: What is the sound for letter Aa?
  Child: Letter Mm!
  Teacher: Sound?

- If child continues to give letter names instead of letter sounds, DO NOT correct them or tell them they are wrong. Simply ask them to move on to the next item.

- **Score Task 1.**
  - Count and write down the total score for Task 1 to determine the child's Task 2.
  - If the child scores within zero (0) to six (6), proceed to RHYMES (Task 2-L).
  - If the child scores within seven (7) to 10, proceed to SENTENCE (Task 2-H). - - DO NOT administer RHYMES (Task 2).

- **Administer TASK 2-L (RHYMES) if TASK 1 score is within 0 to 6**
  - Remove TASK 1 learner sheet. DO NOT show the TASK 2-L Rhymes to the child. Ask the child to focus on listening.

> *TEACHER: Now, we are going to play a listening game! I will say two words. Listen to them well. Then tell me if they rhyme or have the same ending sound. Answer "Yes" if they rhyme or have the same ending sound. Answer "No" if they do not. Answer loudly and clearly.*
>
> *TEACHER: Let us try this example first: cat-dog. Do they rhyme or have the same ending sound? How about cook-book? Do they rhyme or have the same ending sound? Let us start our listening game!*

(Say each pair clearly. **You may repeat each pair up to a maximum of two times.** Tally each correct answer on the Grade 1 Mother Tongue Scoresheet as the child answers.)

Take note!

- If the child seems unable to understand the task, try breaking down one or two pairs of words for them. For example:

> TEACHER: *Cat ends in at. Dog ends in og. Do they rhyme or have the same ending sound? Cook ends in ook. Book ends in ook. Do they rhyme or have the same ending sound?*

- If the child makes a mistake but immediately self-corrects, they still get a point.
- If the child continues to give the wrong answers, DO NOT correct them or tell them they are wrong. Simply proceed and finish all the items for the task.

- **Administer TASK 2-H (SENTENCES) if TASK 1 score is within 7 to 10**
  - Show the TASK 2-H Learner sheet to the child. Ask the child to read the sentences. You can point to the first word of the first sentence and say that they can begin reading from that word. Use the script below to guide your instruction to the learner.
  -

> *TEACHER: Now, we are ready for the reading game! In this box are two sentences. I would like you to read to me each sentence loudly and clearly.*
>
> *TEACHER: This is sentence 1 and this is sentence 2. You can start reading from this word.*

Take note!

- Point only to the first word of the first sentence then let the child read independently.
- Each word correctly read equals one point. If the child makes a mistake in reading a word but immediately self-corrects, they still get a point.
- If the child continues to read the words incorrectly, DO NOT correct them or tell them they are wrong. Simply proceed and finish all the items for the task.
- After each child completes Part 1 tasks fill out the scoresheet.
